DEMOCRATIC MASS MEETING HELD AT COURT HOUSE.

Pursuant to the call issued by the Democratic State Central Committee and by County Chairman W. D. McIntyre, the Democrats of Bourbon county met in mass convention at the court house in this city Saturday afternoon to select delegates and alternates to attend the Democratic State platform convention to be held in Louisville, September 4.

The meeting was called to order by County Chairman W. D. McIntyre, who presided, and County Attorney David D. Cline was selected as secretary. After stating the object of the meeting Chairman McIntyre appointed a committee composed of James H. Thompson, D. C. Lisle and Judge Denis Dundon to draft resolutions and select the list of delegates. While the committee was at work on the matter Attorney John J. Williams addressed the convention on the good roads tax proposition and bond issue. At the conclusion of Mr. Williams' address the Committee on Resolutions reported. Their resolutions endorsed the wise and statesman-like administration of the Nation's affairs by President Woodrow Wilson; condemned as obstructionists and traitors those of our public men who would seek to destroy the fruits of victory; approved the League of Nations and the treaty of peace, and commended the business-like administration of the State's affairs by Governor James D. Black.

The following were selected as delegates to attend the State Platform Convention, to be held in Louisville, on next Thursday, September 4:

W. G. McClintock, J. Miller Ward, James McClure, H. O. James, Denis Dundon, J. T. Collins, J. H. Thompson, Judge George Batterton, C. M. Thomas, E. T. Hinton, J. O. Marshall, D. Y. L. Farley, Newt. Mitchell, J. W. Thomas, Charles Lancaster, Robt. Lusk, William Remington, Sanford Allen, Joe Penn Redmon, W. D. McIntyre, R. H. Harris, Dr. P. L. McClure, Walter Kenney, E. M. BURGLARS BUSY BAGGING BOOTY

The festive burglar and sneak thief has broken loose again in this city, and seems to be having a good time at the expense of the householders. Some days ago the home of Mr. Ben Bedford was entered and robbed of a large quantity of goods, etc. Sunday night in the absence of the family, thieves entered the house of Mr. and Mrs. L. D. Redmon, on Fifteenth street, and ransacked the place from cellar to attic, taking whatever of value they could get. As preliminary to their work the visitors took precaution of cutting the telephone wires. Entrance was effected to the home by breaking out the glass in the front door and unlocking the door from the outside. The police were notified and are at work on the case.

With the approach of cool weather the activities of the sneak thief and the housebreaker, are apt to become quickened. The police have suggested that householders take especial notice of strangers who may be observed prowling around, and report to the police department at once. It would also be a good idea to keep a trusty shotgun or automatic in readiness, if occasion arises where they can be employed to good advantage.

REAL ESTATE TRANSACTIONS

The two-story frame house at 1016 Main street, belonging to Mr. S. E. McClanahan, was sold at public sale by the real estate firm of Harris & Speakes, of this city, to Mrs. H. D. Campbell, of Paris, for \$5,635. The sale was advertised in THE NEWS.

Through the Paris Realty Co. Mr. William Cooper sold Saturday to Mr. Thos. K. Marsh his home on Cypress street. The price paid for the property was not given out for publication. Mr. Marsh will move to the home about October 1.

Mr. George C. Thompson rented yesterday privately his farm on the Ruddles Mills pike to Mr. James Connell, of Paris, for \$5,500 per annum. This is the farm advertised by Mr. Thompson, and bid up to \$11.25 per acre at public renting Saturday.

Dr. W. R. Smith sold Saturday a small farm of fifty acres, located near Jacksonville, in this county, to Mr. Jos. Conner, for \$200 an acre. Dr. Smith and his son-in-law, Mr. Nathan Linville, have rented a farm in the southern part of the county, and will move to it soon.

Beginning yesterday, Mr. Harry L. Mitchell, who has been in the real estate business for some time, will be associated with the real estate firm of Harris & Speakes. Mr. Mitchell is a good judge of values, and will make a valuable assistant in handling the business of the firm.

Auctioneer M. F. Kenney rented publicly on the premises last Saturday for Mr. Catesby Woodford, Sr., agent for Mrs. Sallie Warfield Clay, her farm of 484 acres, near Hutchison, in this county, to Mr. Wm. Ledford, of Nicholas county, for a term of three years, at \$7,750 a year.

The George Burberry farm of 129 acres, located near Centerville, in this county, was purchased by Mr. R. T. Berry, of Harrison county, from Mr. Hugo French, of Lexington, for the reported price of \$35,000. The sale was made through the real estate agency of C. E. Vanhook, of Lexington.

The 421-acre farm of Mr. Geo. C. Thompson, Sr., of Paris, located on the Ruddles Mills pike, 3 1/2 miles from Paris, was offered at public renting at the court house door, Saturday afternoon. There was a large crowd of bidders present, and the bidding was active. The farm was bid up to \$11.25 an acre, and withdrawn at that figure.

Mr. Harry L. Mitchell, acting for Harris & Speakes, sold at public auction in Mt. Sterling, Saturday, a house and lot to Mr. Keller Green, of that city, for \$6,505. Mr. Mitchell also sold Saturday for the same firm a house and lot and five acres of ground, in Paris, belonging to Mr. L. B. Yates, of Paris, to Mr. Kenton, for \$8,500. The sale was well-advertised in several issues of THE BOURBON NEWS.

Auctioneer M. F. Kenney sold yesterday at the court house door in this city for Master Commissioner O. T. Hinton, the Noah Spears farm, containing about 123 acres, located on Brentville pike, near Paris, to H. S. Redmon, for \$201 per acre. At the same time and place Auctioneer Kenney sold for Master Commissioner Hinton two vacant lots in White Addition to Paris, belonging to the Veatch heirs, to James Daugherty, of Paris, for \$500.

HEAVY RAINSTORM IN COUNTY.

The city of Paris and a portion of the county was visited about four o'clock Saturday afternoon by an unusually heavy rainstorm, accompanied by hail. The rain swept in torrents from west to east, then varied the program by veering from east to west. Hail fell in quantities for a short time. The downpour of rain was the heaviest seen here in many years, and the sewers were unable to carry off the flood of water fast enough. Reports from the county state that a great deal of damage was done to the tobacco crop. One crop belonging to Mr. J. Simms Wilson, was completely riddled. Mr. James Hill stated that the leaves of a young catalpa tree in his yard looked as if they had been perforated with heavy shot.

FIFTEEN HUNDRED AUTOS OWNED IN THE COUNTY.

It has been estimated by automobile dealers in the city and county that over 1,500 automobiles are owned by Paris and Bourbon county people, and that the number is constantly being added to each week. This is said by some dealers to be a greater number of machines than is possessed by any other county in the world in comparison to its population. Statisticians have figured out that there is one auto to every eleven persons in the county, and, reckoning the average family at four persons, it would mean that there are at least two autos for every five families.

Judging from the number of machines parked around the court house square and on the side streets in this city every Saturday it would seem that the auto statisticians had missed their figures by several hundred machines. All kinds, colors and prices are represented in the assemblage of motor equipment on these days. And they're still buying 'em!

HUNTING LICENSES ISSUED.

A large number of Bourbon county sportsmen have taken out hunting licenses now that the dove season is on. County Clerk Pearce Paton was on the job Saturday making out the necessary documents for these enthusiasts who desired to take to the fields yesterday in pursuit of the gentle dove. Hunters yesterday reported the doves as being scarce and hard to find.

A number of "shooting parties" were given yesterday by Bourbon county people. Mr. Robert Ferguson entertained the members of a Boonesboro camping party with a dove shoot at his home near Paris.

OLD LANDMARKS SOON TO BE TORN DOWN.

The old Christian church building at North Middletown, which was recently sold at public sale to Patrick & Ryan, of that place, is soon to be torn away. The purchasers will use the lumber from the building in the erection of a garage.

The old building was erected in 1840, and at that time was considered one of the best church edifices in the State. The congregation was much older, being organized in an old church building that stood near the old cemetery on the Prescott pike. The congregation afterward bought a one-fourth interest in the old brick building which is now the new Public School. The Methodists, Baptists and Presbyterians owned the other three-fourths and moved to town. Shortly after, becoming dissatisfied with the joint arrangement, the members of the Christian church erected the old building which has now been superseded by the handsome new house of worship.

The old Picklin property, on Main street, opposite the court house, has been condemned by the State Fire Marshal, and ordered torn down. It is one of the oldest buildings in the city, being one of the very first brick buildings erected in the early days of Paris. For many years it has been in a dilapidated condition, and regarded as a dangerous fire menace. A few months ago the property was purchased by Mr. Edward F. Simms, and it was said at the time he contemplated erecting a modern hotel building on the site.

"DAMNED SOME MORE."

The Somerset Commonwealth thus comments on the "dam question" in Paris:

"THE BOURBON NEWS says that Stoner Creek is to be 'Damned Some More.' We remember when a small lad that the writer has 'damned' this same stream many is the time when he failed to land a sun perch. And we bet that Col. Jim Allen, of the Cynthiana Democrat, has 'damned' the same thing."

DO WE NEED GOOD ROADS? SHALL WE HAVE GOOD ROADS? THE VOTERS MUST SAY.

On Saturday, September 6, a poll will be taken of the legal voters of the county on the following questions:

"Are You For a Property Tax of Twenty Cents on Each One Hundred Dollars' Worth of Property in the County to be Levied Each Year For Ten Years For the Purpose of Improving or Constructing, Either or Both, Roads and Bridges of the County?"

"Are You in Favor of Issuing Five Hundred Thousand Dollars in Bonds for the Purpose of Building Roads and Bridges?"

There seems to be a wide-spread misunderstanding among the voters as to the purpose of the bond issue, as well as to how the money derived from both sources is to be used.

To begin with, let it be distinctly understood that there will be no increase in present road tax save the special 20 cent tax, for the very good reason that the constitution of Kentucky limits the additional tax that may be levied, to that amount. If both the bond issue and the special tax are carried at the election the funds collected will be no greater than if the special tax alone is carried.

Why, then, have a bond issue? The bond issue is essential for several reasons.

The turnpikes of Bourbon county, especially the cross roads, are in a deplorable condition. They need work now and they need lots of it.

The bond issue is intended simply to give the county the right to pledge its credit to secure additional funds in the first five years of its program of road construction when money is so badly needed to do the work which simply must be done if we are to have roads worth calling by the name, in Bourbon county.

In other words—when you vote for the bond issue you vote to give the county the right to borrow money to do work that it would be bad business and false economy to defer, as will be necessary under the slower program which we will be compelled to adopt if the bond issue is not carried.

Further, the law provides that the money derived from the sale of bonds shall be expended by four commissioners selected by the Fiscal Court. These men have been selected. They are Catesby Spears, Sam Clay, Sam Houston and John T. Collins. These men have accepted the trust, and have agreed to serve without compensation. If they are to have any part in the road building program laid out, the bond issue must be carried. Should both of these issues carry, the Fiscal Court has agreed that these men shall have supervision of the expenditures of all road funds of the county from whatever source derived.

The constructing and repairing of the roads of Bourbon county is the biggest business undertaking in the county, and it should be handled as any other business is handled, and it is proposed to so deal with it.

The county is to be treated as a whole, without showing favor or partiality to any section or any particular roads. All roads can not be worked at once. Nor can all roads be worked first.

And in determining which shall be worked first, it will be necessary to use the same business judgment a farmer uses in determining which barn shall be roofed first, or which fence repaired.

You know, in the past, on account of lack of funds, very little work has been done on the cross roads. On the main roads the water-bound macadam is being used at a cost of \$4,000.00 per mile. Under present traffic conditions this construction will not wear and is a bad investment at its cost. It is therefore deemed good, sound business to do such reconstructing as is done on the trunk line in some way that will be more durable and lasting.

Should both issues carry it is proposed to expend on the cross roads from \$75,000 to \$100,000 per year until these roads are in condition.

This amount will operate three crushers and should soon bring relief. This of itself should be a sufficient answer to the man who favors good roads, but fears the money will all be expended on the main thoroughfares. There are those who say taxes are high enough now. Let us look at the question in a business way.

You are asked to pay an additional tax for good roads. Will you make or lose by the transaction?

Are you not now, indirectly, paying a much greater tax for bad roads?

If you are the owner of a truck or an automobile, think of the broken springs, the tire expense and general repair for which you pay on account of bad roads. If you are not an automobile owner—and this good roads movement was not intended alone for people of this class—the owner of a carriage or buggy pays

NUGGETS GATHERED FROM THE COUNCILMANIC MINE.

At the recent meeting of the Paris Board of Council considerable business was transacted, the following being a brief resume of the principal features of the meeting, which was attended by five of the seven members, and Mayor January presiding:

Resolution introduced by Councilman Merringer stating that President Jos. W. Davis, of the Board of Control of the Massie Memorial Hospital, had asked that the books of the institution be audited. Finance Committee of the Council named by the Mayor to carry on that work. Resolution passed authorizing an investigation of general management and condition of the Hospital. Mayor named the following committee for that purpose: Miss Helen Hutchcraft, Mrs. Wade Whitley, Mrs. A. T. Forsyth, Mrs. Wm. Kenney and Miss Mary Stone.

Concrete pavements ordered put down in front of a number of residences and lots on Clifton avenue. Ordinance requiring concrete pavements on Fifth avenue given its first reading. Permission asked for time for the Paris Home Telephone Co. to adjust its business under the rates recently advanced by the government and before any reduction of same is put into effect. Citizens to be asked to vote on bond issue of \$60,000 at November election for sanitary sewers to be constructed in South Paris. Fourteenth to Twentieth streets, Clintonville pike, Nineteenth street, Winchester, Brent, Vine, Harmon, Link and other streets. Number of building permits granted, and some minor business transacted. Council adjourned.

SEEKING INFORMATION OF BOURBON COUNTY RELATIVES

Mr. Albert Blair, a retired attorney of St. Louis, who has been a guest of his relative, John G. Blair, in Carlisle, was here last week endeavoring to learn something of his Kentucky relatives. Mr. Blair is now past seventy, but is hale and hearty and very active for one of his years.

His father was born in Bourbon county, and is buried near Ruddles Mills. He has relatives buried in the old graveyard at the Cane Ridge church, near Paris, but owing to the ravages made by time and weather on the old headstones, most of which were made from the native Cane Ridge sandstone, it may be impossible for him to locate their graves.

JOYRIDERS COLLIDE.

Two autos filled with pleasure-seekers, collided on the Winchester pike, near the residence of Mr. Charlton Clay, Sunday afternoon. The machines were coming from opposite directions and the drivers miscalculating the space necessary to make a safe passage, the machines "slid-swiped" each other. The front wheels on each car were torn off and the occupants thrown out, but not injured. The damaged wheels were replaced, and the joyriders resumed their journeys.

his bad road tax. The teamster who makes his living by hauling, pays his bad road tax on every load of produce he hauls to town, and on every load of coal he takes home.

If you are a merchant, remember that which builds up the county and increases its wealth, helps the city. The town stands as the hub of the wheel, and roads are both spokes and rim. If Paris gets what belongs to her in trade and business the roads leading to her must be as good or better than those leading to nearby towns, and since the adjoining counties are in advance of us in the building of good roads, it behooves merchants and business men to get behind the movement in Bourbon county.

If you are in favor of good roads, good roads for yourself and good roads for the other fellow, go to the polls Saturday, Sept. 6, and vote YES on both questions, and get your neighbors and friends to do likewise. BOURBON COUNTY GOOD ROADS COMMITTEE.

Health and Happiness From a Car

A Bourbon county woman who en-
joys and appreciates the comfort of
driving her automobile tells the fol-
lowing:

"The secret of all the joy and ser-
vice I have got from our car is found
in the fact that we consider it our
servant, and not we its slaves.

"If I want to go to my club meet-
ing, I do not hesitate because the
roads are muddy, and the car might
be splashed. If the road to my best
friend's is rough, I do not stay away.
I go, but I certainly become a booster
for good roads.

"I am a great believer in recrea-
tion for farm folks and our car has
solved this problem entirely. It's an
easy thing now for the whole family
to pile in the car and go to the city
for the great event of the year, the
circus. And this is not pleasure
alone, for there are fine educational
advantages for children in a circus.

"Often on Saturday afternoon the
good man joins the children and my-
self in a drive to the county seat,

twelve miles away, to see a good
movie and home again in time for the
night duties. Then the lovely trips
on hot Sunday afternoons, when, with
a box of lunch and full thermos bot-
tle, we all pile in the car and go forth
adventuring.

"These trips, all made possible and
easy by ownership of a car, have
meant much to me. They have given
me a better knowledge of my county,
of her resources and beauties, and
even her needs. And I do enjoy the
friendly greeting with 'the man be-
side the road.' I must not fail to
mention the trip to Sunday school
and church, and the greater time and
ease it gives the busy mother in get-
ting the children there in time.

"The good man of the family will
say that the car is one of his valu-
able pieces of farm machinery and a
great saver of time.

"However, I am speaking from the
standpoint of the woman who can
run the car, change tires and clean
spark plugs, if necessary, and I say
for the women and children on the
farm, that the ownership of a car is
the greatest factor for health and
happiness and education and a big-
ger, broader vision of life and liv-
ing."

A Town Without Churches.

Now you may or you may not at-
tend church; you may or you may
not assist in the support of some
church, but we want to ask you just
one question. How would you like
to live in this city if there were not
one single church here? Eh, what?
Ever think of that before? Paris, a
good old town, and not a single
church here. Why, you might as well
try to think of Paris without THE
BOURBON NEWS and that thought's
impossible. Perish it! That being
the case, it begins to look as if it
were up to you to support the
church. You've got to subscribe to
THE NEWS or you wouldn't keep
abreast of the news. No one else will
pay the subscription price, but you
don't have to belong to a church,
and someone else pays the minister's
salary, so you very easily accept
the good and close the eye when the
collection plate comes along. How
about it? Now, we are not intending
to "rub it into" anybody, and most
of our citizens do go to church and
do assist in raising the minister's
salary and the other church expenses,
but we simply present this thought
to those of you who don't assist, and
we ask your careful consideration of
the subject. How would you like to
live in Paris and not a single church
in the whole burg? We can see the
dust flying now as you beat it.

How to Achieve the Millennium.

When the happy and useful
thought strikes the American mind
that work, hard work, will solve
most economic problems, and all so-
cial problems, we shall hear but lit-
tle of the high cost of living. As
another has said: "There are too
many people who are riding and
idling and too few walking and plow-
ing." It is the age of gasoline and
the rubber tire, high speed and short
hours, the moving picture and the
farm tractor."

In the old days of honest sweat by
man and beast, not much was heard
about some things that now worry
the world. There was plenty to eat
and plenty to wear; and the simple
life was the rule.

Man was made to toil. When he
quits and goes to fighting, as he did
in 1914, there will be a scarcity of
food and of everything else, and it
takes time, even after he goes back
to work, to restore the equilibrium.
When he settles down to work, in
real earnest, there will be peace and
order, contentment and prosperity.

Safety in Auto Spooling.

In revoking the automobile license
of a youth whose car collided with
another while he was driving with
one arm around a girl's waist, Mo-
tor Commissioner Dill laid down a
new and important rule for motorists.
"We will have none of this one-
handed driving in New Jersey," he
said. "You can only do one thing
at a time."

It is a harsh but necessary alter-
native. Traffic has progressed be-
yond the free-and easy days of
side-bar-buggy driving, and auto-
mobiles, unlike horses, cannot be left
to find their way. Even the chum-
my readster built for two require a
watchful eye on congested thorough-
fares.

The automobile, indeed, besides the
other changes it has wrought, has
radically altered the conditions of
vehicular spooling. Perhaps on the
whole it has improved them, with the
necessary motoring imposes on the
driver of attending strictly to busi-
ness. Thus mechanical progress
plays havoc with time-honored cus-
toms. But it is satisfactory to see
the disposition of youth to take
chances with obvious danger prop-
erly rebuked. And it will be ob-
served that the punishment inflicted
is not the light one of a negligible
fine, but the serious matter of re-
serving justice runs true to form from
even in penalties for youthful indis-
cretion.

Dire Calamity Threatened.

The threat of restaurant prop-
rietors to charge ten cents for a cup of
coffee emphasizes more than ever the
dollar. When one calculates the pur-
chasing value of a monetary unit,
basing the calculation on a subsid-

iary coin, the result stands out
clearer than were the calculation
based on a higher unit. For instance,
the five cent piece that used to pur-
chase a nickel's worth of goods now
will buy less than two and a half
cents' worth. Consequently, restau-
rants cannot afford to sell coffee for
a piece of money with which they, in
turn, can purchase only two and a
half cent's worth of ground coffee.

CARENGIE'S WILL DISPOSES OF \$30,000,000.

NEW YORK, Sept. 1. — The
will of Andrew Carnegie, made pub-
lic recently, estimates the value of
the iron master's estate at \$30,000,-
000.

A bequest of an annuity of
\$10,000 is made to Premier Lloyd
George of England. A similar be-
quest is made to former President
Taft and annuities of \$5,000 each to
Mrs. Grover Cleveland (now Mrs.
Thomas J. Preston) and Mrs. Theod-
ore Roosevelt, widows of former
Presidents.

The will leaves the real estate and
all the works of art and household
goods to Mrs. Carnegie. The finan-
cial provision for Mrs. Carnegie and
her daughter, Mrs. Miller, was made
during Mr. Carnegie's lifetime.

Public bequests include Cooper
Union, New York, \$60,000; Pitts-
burgh University, \$200,000; relief
fund of the Authors' club of New
York, \$200,000; Hampton Institute,
Virginia, \$300,000; Stevens Insti-
tute, Hoboken, N. J., \$100,000; St.
Andrews Society of New York, \$100,000.

The fourth article of the will con-
tains a series of legacies to charita-
ble institutions, while the fifth ar-
ticle contains annuities to relatives
and friends. The Carnegie corpora-
tion of New York is the residuary
legatee.

A statement issued by Elihu Root
Jr., says that Mr. Carnegie's public
gifts and charities during his lifetime
exceeded \$350,000,000.

LEXINGTON RACE MEETING TO BE A "HUMMER."

Col. Robert L. Baker, manager of the Kentucky Jockey Club's track at Lexington, says in a letter to the editor of this paper that the Fall race meeting will be a hummer.

The meeting will open Saturday, September 13, and close Saturday, September 20—seven days. It is to be in keeping with Senator Johnson N. Camden's idea. The Chairman of the State Racing Commission likes the race meetings short and snappy. The distances of the races, however, are to be generally longer, as is manifested in the program book, prepared by Judge William H. Shelley, the popular Racing Secretary, and this is in response to the call of Kentuckians, who have tired of a superabundance of sprints.

The purse offerings at Lexington for the autumn are to average \$800 per race, the same as in the spring, and there will be seven races each afternoon.

The two star events of the meeting will be the Lexington Cup Handicap, \$5,000 added, for three-year-olds and upward, one mile and a half, to be run Wednesday, September 17, and the Breeders' Futurity, value approximately \$10,000 for two-year-olds over the Futurity course, about three-quarters of a mile, to be run Saturday, September 20.

Among the 27 eligibles to the Lexington Cup Handicap are Exterminator, Manager Waite, Midway, Dodge, Drastic, Pif, Jr., Wickford, Contantine, El Rey and Escoba.

There are forty-five eligibles to the Breeders' Futurity, which is to be a contest between the East and the West. Captain Ral Par has announced that he will ship Blazes and Ralco from Saratoga to run for this prize, and James W. McClelland is sending Hasten On, also from the Spa. Dominique, in Sam Hildreth's stable, is another Eastern eligible. E. R. Bradley will be represented by Best Pal. J. S. Hawkins and McBryer Moore will send Cotton Blossom to the post, and there are many who believe she will land the prize. Other eligibles likely to start are Sweep, Jr., Lunetta, Tulsa, Lorraine, Prince Pal, Peace Pennant, Travesty and Melvin.

There will be plenty of good riders. (adv)

Attention, Mr. Taxpayer!

The advocates in favor of the \$500,000 bond issue are appealing to the voters to vote upon themselves a tax of twenty cents on the \$100 worth of taxable property for ten years in Bourbon county to repair the turnpikes.

Mr. Taxpayer, have you stopped long enough to think what this means to you in the way of increased taxation upon your farm, town lot, livestock and other property?

The assessed valuation of Bourbon county is about \$32,000,000, and upon a rate of twenty cents it would mean \$64,000 per year for ten years, including the \$500,000 bond issue wanted, would be \$1,140,000 the taxpayers would have to pay for the repair of turnpikes in the county.

The interest at the rate of five per cent. on the \$500,000 issue would be \$25,000 per year for the term of ten years, or a total of \$250,000 paid out to the "money-lenders" who seem to favor the bond issue so strongly. Is it possible that there could be a "nigger in the wood pile?"

For some reason, whether it be a good or bad one, the most favored pike seems to be the North Middletown, in the county, which has been reconstructed, repaired, patched, oiled, graveled and tarred, in part, while the "cross" pikes have gone from bad to worse, and the citizens along those have to sit idly by, while those who traverse the North Middletown pike don't even "jostle" in their vehicles or auto conveyances

when traveling. Why should the cross pikes, the main pike, the Maysville, from Millersburg to the end of the Jacktown, be in more than deplorable condition, while the North Middletown pike is almost a boulevard? It is true that the citizens of that section are most deserving, and are to be congratulated upon having a good pike, but is it not equally true that the citizens along the Millersburg and "cross" pikes are deserving of good pikes, oiled, patched, gravel and partly tarred, as well?

Besides, Mr. Taxpayer, you must remember that your property interest will be "raised" \$10 or more per acre in 1920 than they were in 1919, then why further burden yourselves with a \$1,140,000 in total?

The Fiscal Court has no binding right to grant to a commission authority beyond their term of office, unless that authority is carried out during their term of office. No one questions for a moment the high-class gentlemen selected on the commission to spend the stupendous sum desired. In other words, the members of the Court shifted a real responsibility, while they just "laff up their sleeves."

Remember, Mr. Taxpayer this is not a one-year tax, but a TEN-YEAR TAX, with no discount, but an added interest of \$25,000 per year on \$500,000, or \$250,000 for ten years. Bully, Mr. "Money Lender," eh?

COMMITTEE OF TAXPAYERS.

MATRIMONIAL.

BUTLER—DAVIS.

—One of the prettiest and most interesting society events of the year took place at four o'clock yesterday afternoon, in the Presbyterian church at Millersburg, when Miss McLona Butler, daughter of Mr. and Mrs. J. A. Butler, of that city, became the bride of Mr. Frank Ireland Davis, of Paris.

The bride is a recent graduate of the Millersburg College, and is a social favorite, not only in her home town, but in Paris, Lexington and other Bluegrass towns where she has visited. Her charming manner and sweet disposition has endeared her to a large circle of friends. The groom is the son of Mrs. Mary Ireland Davis, of Paris, and is one of the most popular young men in the Bluegrass region. He is a nephew of Mr. John Ireland, of Lexington, and Mr. Frank Ireland, of Houston, Texas, and is connected with the undertaking firm of George W. Davis, in this city.

Long before the time set for the wedding the Presbyterian church was filled with friends and relatives of the bride and groom. The church was beautifully decorated with ferns and cut flowers, lighted candles shed a subdued light through the building. While awaiting the approach of the bridal party Miss Carolyn McIntyre, of Millersburg, presiding at the organ, rendered a number of appropriate selections, and Miss Mildred Bruce sang beautifully "And Yet" and "At Dawning."

The bridal party entered the church to the strains of the Lohengrin wedding march, in the following order: First came the two sweet little ribbon bearers, Misses Eleanor Swearingen, of Paris, and Miss Elizabeth McIntyre, of Millersburg, the former in a white organdie dress with pink sash, and the latter in white organdie, with blue sash. The ushers, Albert Hawes, of Millersburg, Joseph W. Davis, Jr., James Lail and Lucian Arnsperger, of Paris, dressed in suits of midnight blue, came next. Next came the bridesmaids, Miss Alice Roberson, of Augusta, a cousin of the bride, gowned in flesh Georgette crepe trimmed in light blue, with hat to match, and Miss Aletha Wilson, of Millersburg, in apricot and peacock blue Georgette, trimmed in flet lace, both carrying bouquets of Ophelia roses. Following came the bride, a vision of loveliness in white Georgette crepe with veil of white tulle caught with a wreath of lilies of the valley, and wearing a blue lava cameo, an heirloom of the Miller family, presented to her by her grandmother. She was accompanied by the matron of honor, her sister, Mrs. Priest Kemper, of Gonzales, Texas, who wore a costume of seafam blue of dew-kissed material and Georgette crepe, silver hat and slippers, and carrying a bouquet of pink Killarney roses. Next came the groom, accompanied by his best man, Mr. Blair Varden, of Paris, both dressed in suits of midnight blue. Behind them came the cute little ring bearer, Master Harold Morton, son of the officiating minister, Rev. W. W. Morton, pastor of the Millersburg Presbyterian church.

At the altar the procession formed a half-circle around the bride and groom, when the beautiful ring service was performed by Rev. Mr. Morton, assisted by Rev. J. S. Venable, a brother-in-law of the bride.

Following the ceremony, Mr. and Mrs. Davis, accompanied by the members of the bridal party, motored to Paris, where the bride and groom paid a social visit to Mr. Davis' grandfather, the venerable Mr. Geo.

W. Davis, who is now in his ninety-second year. The party then proceeded to Lexington, where a wedding supper was tendered the newlyweds by the ushers and the best man. Afterward they motored to Louisville for a brief honeymoon. On their return they will begin housekeeping at the home of the groom's mother, Mrs. Mary Ireland Davis, on Duncan avenue, in this city.

At the wedding supper tendered the bride and groom by Mr. and Mrs. J. A. Butler, parents of the bride, at their beautiful country home on the Cynthiana pike, near Millersburg, Saturday night, the groom's best man, Mr. Blair Varden, of Paris, cut the slice of wedding cake, containing the ring, which presages his approaching marriage—and rumor has it that the tradition will prove true in this case.

LANE—WORTHINGTON

—Mr. Samuel M. Worthington and Miss Pauline Lane, both giving Akron, Ohio, as their place of residence, came to Paris, Saturday morning, and were married at the Methodist parsonage by the pastor, Rev. G. R. Combs.

—Samuel Eurove, formerly of Paris, brother of Isaac Eurove, of this city, was married in Cincinnati, Sunday afternoon at five o'clock to Miss Sarah Holstein. The ceremony was performed at the home of the bride, on Richmond avenue.

METHODIST CONFERENCE TO CONVENE AT SHELBYVILLE.

The annual Kentucky Conference of the Methodist Episcopal Church, South, will meet in the Centenary Methodist church in Shelbyville, tomorrow, Wednesday morning, September 3, and continue in session through the following Sunday.

Bishop Collins Denny, Richmond, Va., will preside. There will be 225 accredited delegates.

The conference will meet each morning at 9 o'clock and adjourn at noon. Evangelistic services will be held each afternoon at 3 o'clock and the different conference boards will hold their annual meetings in the evenings, when open-air services also will be conducted.

The Kentucky Conference area comprises about one-fourth of the State and represents a membership of 35,000, with 150 ministers. The delegates will be entertained in the private homes and the \$1,400 which the conference appropriates for their entertainment will be donated to the Shelbyville King's Daughters' Hospital.

AN ENJOYABLE OCCASION AT NORTH MIDDLETOWN.

The last of the series of Sunday evening dinners being served at North Middletown, by the Womens' Clubs of that city, was made one of the most enjoyable of all. The dinner, prepared in the highest style of culinary art by the ladies of the vicinity, was served in the old Christian church, which is soon to become a thing of the past. Many out-of-the-county visitors were present, as well as a large number from Paris and other surrounding towns, and all enjoyed to the very fullest the good things set before them.

Since the above was placed in type a telephone message from North Middletown informed us that, at the earnest solicitation of a large number of people the Sunday dinner feature will be continued, at least for a time, and that the dinner will be given next Sunday evening, from 5:30 to 7:30, served under the auspices of the Mothers' Club, of North Middletown.

PICK UP YOUR SCHOOL BOOKS AND GET READY.

According to an announcement made by Prof. Lee Kirpatrick, Superintendent of the Paris schools, these institutions of learning will open for the 1919-1920 school term on next Monday, September 8. Enrollment of the first six grades will be held on the first day.

Indications are that the Paris High School will have 250 students this year, and every effort will be made to go beyond this mark. A campaign for a High School education was conducted last year, and it has already shown splendid results. There have been persistent rumors afloat to the effect that there would be a shortage of books, but it has been officially stated that the Paris schools will not suffer from that cause. The Board of Education, in its efforts to economize for the parents, made but few changes in the books, and therefore but few new books will have to be purchased for the students. The new addition to the school building on Seventh street will not be completed in time for occupancy at the opening of the school term, but a large force of men are at work pushing the work along, and it will be a matter of but a short time until the annex is finished.

Superintendent Kirpatrick announces that he expects all of the students to be present on the opening day, and that every effort will be made to reduce the amount of tardiness to as low a mark as possible. Teachers for all of the positions in the city have already been announced, so there seems to be no avenue of escape left open for the school kids.

Health Board Notice!

Are you boiling the water used for drinking or domestic purposes? You have been sufficiently notified. Typhoid may become prevalent. If the germ is borne by water, boiling kills it.

Inoculation against typhoid has proven of inestimable value in our great army encampments. As the greatest agent thus far discovered to prevent this horrible, death dealing disease. The Board of Health can not too strongly urge the importance of such inoculation, and especially in the southwestern part of the city, Rosedale being the division in which there are now three cases.

The houses in this neighborhood should be thoroughly screened and every precaution taken to prevent an epidemic. Surface privies must be replaced by pits not less than six feet deep.

SEPTEMBER COURT DAY.

September "Court Day" brought only a fair sized crowd to the city yesterday, and as a consequence, there was not much business transacted. The Blue Grass Fair opening at Lexington, and the pressing demands of work on the farm kept large numbers of farmers away from the "old home town."

A number of stock transactions took place at fair prices. Only a few horses and mules were on the market. The usual activities around the court house square were in evidence, with sales of broken-down autos, old furniture and household effects taking up most of the time. The farmers discussed politics, prospects of tobacco and other crops and returned to their homes as soon as their business here was transacted. Shoppers in the business district were busy, but the merchants reported only a moderate volume of business done.

LEXINGTON PIKE CLOSED.

The Paris and Lexington pike has been closed at the Bethlehem pike intersection and near Hutchison, while the reconstruction work is in progress. The pike is being resurfaced with taroid and gravel dressing, making a smooth finish. The work has been completed on the North Middletown pike. The resurfacing on the Maysville pike will be done under the State aid provisions. This work costs about \$2,000 per mile to complete.

AN EXPENSIVE DOVE.

Filled with the sporting ardor Jason Howard could not wait for the expiration of the dove-killing law. Jason killed one dove on the farm of James Woodford, near Paris. Game Warden Douglas Thomas learned of the fact, and placed Jason under arrest. In Judge Batterton's Court Saturday, he admitted the truth of the charge against him. A fine of \$23.50 was the result. One dove at \$23.50 per dove is certainly an expensive luxury!

SCHOOL TO OPEN.

The North Middletown Graded School will open for the fall term on Saturday, September 15. The faculty as far as filled is as follows: Principal, Prof. R. H. Ellett, teachers, Prof. E. M. Costello, Miss Mary Ellett, Miss Della Tindler, and Miss Bessie Smith. There remains one vacancy yet to be filled.

YESTERDAY LABOR DAY.

"Labor Day" was observed in Paris by the closing of banks and the post-office, the employees taking a vacation. Several business houses gave their employees a half holiday. Many went to Lexington, where they participated in the Labor Day exercises, or "took in" the Blue Grass Fair.

SIGNALS OF DISTRESS

Paris People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress.

The secretions may be dark, contain sediment.

Passages are sometimes frequent, scanty, painful.

Backache is often present day and night.

Headaches and dizzy spells may occur.

Weakened kidneys should receive quick help.

Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders.

Paris evidence proves their worth.

Chas. Stewart, tinsmith, Lilleston avenue, says: "I have had three or four attacks of lumbago in the past few years, the first being the worst."

There was a constant, dull ache in my back all the time and often sharp, cutting pains darted through it. It sometimes seemed as though I could hardly endure the misery. I tried different remedies with no results.

I heard of Doan's Kidney Pills and procured them from the Ardery Drug Co. The first box helped me and I continued taking them until cured.

Attacks since then have always been slight. Doan's Kidney Pills have never failed to relieve me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Football always will be a more popular college sport than airplane races as long as the present type of bleachers prevails.

Another reason why a man's wife thinks he ought not to buy an automobile is because a whale swims better on stilts.

DESPONDENCY.

Sufferers from indigestion are apt to become discouraged and feel that complete recovery is not to be hoped for. No one could make a greater mistake. Hundreds have been permanently cured by taking Chamberlain's Tablets and can now eat anything that they crave. These tablets strengthen the stomach and enable it to perform its functions naturally. If you have not tried them do so at once.

O. O. McINTYRE PREDICTS ANTI-TOBACCO CRUSADE

Complacent New Yorkers used to smile tolerantly at the thought that prohibition would ever come to their doorsteps—but it came. And so when the news trickled from Washington the other day that "Nicotine Next" was the new battle cry and after that—coffee and tea—well all the newspapers slapped the story on their front pages and the shock proof village buzzed with excitement.

Life would be insufferable to New Yorkers, it would seem, without tobacco and all the Park Row editors filled their pipes and slashed out some ripping caustic editorials hooting at the whole idea. That is the trouble with New York—they hoot and the rest of the country does things and soon New York finds itself dry or tobaccoless as the case may be.

Shrewd chroniclers of events declare that there is more to this war on tobacco than people seem to realize.

In fact one noted lawyer declared that the whole tobacco industry was already in jeopardy and must begin at once to fight for its life.

The Anti-Tobacco folk, it is pointed out, have some mighty strong arguments which can be driven home food—and the tobacco acreage is enormous. The industry crowds thousands of freight cars out of commission for carrying other provisions. Growing tobacco exhausts the ground, they claim, and of course they are playing strong on the health features—the irritated throat, highly jumpy conditions of the nerves, the heart and other physiological horrors that have been handed down from our school book physiology.

One learned educator pointed out in a New York interview that the growing of tobacco was of much greater agricultural harm than beer making. Making beer requires only about one-third of the barley crop, whereas the tobacco crop is an economic waste.

There is no effort at evasion on the part of the "Nicotine Next" crowd as to the reason for the campaign. The frank statement is made that large employers of labor are crusading "purely from a standpoint of the efficiency of labor." A horse or cow is not allowed to smoke or drink a cup of tea. It has never been found necessary to consult the wishes of these patient animals.

The same line of reasoning is followed by the crusaders. The worker who cannot have his glass of beer or pipe of tobacco or cup of coffee, would, like the horse and cow, theoretically be a more efficient laborer. And the logic of this might lead still further. If the worker would go to bed immediately after his supper as the horse and cow are made to do, then he would be sure of a full and refreshing night's sleep and wake up ready for a very efficient day's work.

State managers for the "Third Roll Call" of the American Red Cross in the Lake Division have been appointed by MacKenzie R. Todd, Division Manager. R. F. Grant will head the Ohio campaign workers, Clarence Stanley, Indiana, and John R. Downing, Kentucky. The campaign will be from November 3 to November 11, Armistice Day, and in addition to enrollment of members the nation will be asked for \$15,000,000.

This fund will be used in part to carry to a conclusion the Red Cross service to soldiers, sailors and marines still in camps and hospitals at home and abroad. The other purpose of money campaign is to raise funds to relieve suffering of civilians in foreign countries and to launch the after-war program of the organization. This includes an extension of home service; an enlarged nursing personnel to carry the message of better health into rural communities, and to organize forces to combat epidemics; and also the extension of Junior activities in American schools.

This first peace-time Red Cross enrollment of members makes clear the fact that the Red Cross plans to go on for an indefinite period. There will be annually one appeal for support of the organization through the renewal of memberships to carry out the Red Cross program for American people, according to a statement made recently by Mr. Todd, campaign manager for the Lake Division.

HUMAN NATURE THE WORLD OVER.

Whenever plans for a new road are announced it is human nature for those who live along the way, either to bring pressure to bear to have the thoroughfare constructed in front of their door, or else to force the Highway Department to make detours to save cutting through a piece of property.

Perhaps no single feature of road work has caused the State Highway Department as much trouble as these two problems, that of wanting the highway to "pass along my door" and that of securing adequate rights of way properly located.

Such a policy always reacts against the owner in the long run, since the more direct the road and the better located, the greater the travel will be and less the cost on maintenance. It follows, that increased property values will more than offset concessions made to the State.

educated to a proper understanding of this phase of road work yet, and, as many of our State laws do not give the highway commissioner full authority, our main roads are usually as full of kinks as a pickaninny's hair.

Not only does it impair the usefulness of the road, but it adds considerable to the factor of danger, for frequent abrupt curves are made necessary by these detours.

"I SPENT A \$1 ON RAT-SNAP AND SAVED THE PRICE OF A HOG"

James McGuire, famous hog raiser of New Jersey says, "I advise every farmer troubled with rats to use RAT-SNAP. Tried everything to get rid of rats. Spent \$1 on RAT-SNAP. Figured the rats it killed saved the price of one hog." RAT-SNAP comes in cake form. No mixing with other food. Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by the Farmers Supply Co.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

BLAZING WAY FOR CROSS-COUNTRY AIR LINE.

CHICAGO, Sept. 1. — Covering 100 miles in 58 minutes, a 26-passenger airplane, built in Milwaukee, arrived on the first leg of a projected trans-continental trip to blaze the way for a cross-country air line, Alfred W. Lawson, head of the owning company, has announced. The ship is 50 feet long, with a wing spread of 95 feet, and carries twin Liberty engines of 400-horsepower each. The enclosed cabin, fitted up like a chair car, measures 26 feet in length, 7 feet wide, with an interior height of 7 feet, sufficient to allow passengers to walk erect in the aisles. It is planned to start for New York in two or three days, Mr. Lawson said. Then a flight will be started across the continent to San Francisco, to establish a trans-continental passenger airline. Pilot Charles Cox and three mechanics accompanied Mr. Lawson on the flight. No passengers were carried.

There is more Catarrh in this section of the country than all other disease put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts through the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

KENTUCKY TRACTION AND TERMINAL COMPANY**KENTUCKY FUTURITY MOST COUNTEDED OF TROTTERING PRIZES**

The Kentucky Futurity, the most coveted of all races for three-year-old trotters, not alone for the richness of its money value of \$14,000, but for the honor and distinction it carries through a long succession of years, has not been won by a native Kentuckian since 1895, when Oakland Baron triumphed for the late Col. Robert G. Stoner, of Paris, but it now seems likely that the 1913 renewal is to fall to a very distinguished citizen of the Blue Grass State.

At Readville, Mass., last Thursday, Mollie Knight won the Horse Breeder Futurity, trotting the second heat in 2:06 1/4, the fastest mile of the year thus far by a three-year-old trotter, and moved into third place in the last of the season's money-winners. Mollie Knight is a bay filly by General Watts 2:06 1/4, as a three-year-old a Futurity winner, out of May Stewart 2:15 1/4, as a three-year-old, by San Mateo 2:13 1/4.

Mollie Knight is owned by Hon. Henry M. Bosworth, of Fayette county, former State Treasurer, then State Auditor, and again, after four years out of politics, the Democratic nominee for State Auditor. In partnership with General C. C. Watts, former Attorney-General of West Virginia, he owns the dam of Molly Knight and has her at his farm near Lexington.

Molly Knight's trainer and driver is that distinguished Tennessee reinsman, Edward F. (Pop) Geers, and he will pilot her in the race for the Kentucky Futurity at the Kentucky Trotting Horse Breeders' Association track at Lexington, Tuesday, September 30, when it is expected that thousands of people from all sections of the country will be on hand to witness the battle that Periscope 2:06 1/4, Abbie Putney 2:06 1/4, Norman Dillon (second in 2:06 1/4), Brusloff 2:08 1/4 (twice second in 2:06 1/4), Princess Etawa 2:09 1/4, Little Lee 2:10 1/4, Charley Herr, Jr., 2:10 1/4, Judge Rico 2:11 1/4, Peter L. 2:11 1/4 (third in 2:06 1/4), Wiki Wiki 2:11 1/4, Grace Drake 2:10 1/4, Let Fly 2:12 1/4 (on half-mile track), and perhaps Harveta 2:09 1/4, Peter Coast 2:12, and others will wage against her.

Three others of the trotters mentioned above are owned by Kentuckians, they being Charley Herr, Jr., property of "Uncle Davy" Cahill, of Lexington, Periscope, owned by John L. Dodge, who has his home at Hollywood Farm, near Lexington, and Little Lee, the property of G. L. Knight, of Nicholasville. In passing it may be noted that Norman Dillon, which finished second to Molly Knight at Readville, is owned by George Gregory, one of the strong Republican leaders at Philadelphia.

The trots at Lexington will open September 29 and continue ten days.

JUST WHAT SHE NEEDED.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion, but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

CARROLL MAY BE CHAIRMAN PLATFORM CONVENTION.

Col. H. H. Denhardt, Bowling Green, who withdrew from the race for the Democratic nomination for Governor several months after announcing his candidacy, is being mentioned in connection with the post of temporary chairman of the coming platform convention. Ex-Congressman Charles K. Wheeler, Paducah, also has been mentioned in that connection. It practically has been decided that Judge John D. Carroll, New Castle, who opposed Gov. Black for the nomination, will be invited to serve as permanent chairman.

The convention, scheduled for September 4 will be held in the auditorium at Phoenix Hill Park, that building, aside from the Armory, being the only one in the city large enough to accommodate more than 5,000 delegates, expected to be present.

Based upon one delegate to every fifty voters or fraction thereof cast for Woodrow Wilson, in Kentucky, in the last Presidential election, counties in Central Kentucky will be entitled to representation in the convention as follows:

Bath, 36; Bourbon, 56; Clark, 54; Fayette, 128; Fleming, 46; Franklin, 68; Harrison, 56; Henry, 52; Jessamine, 36; Madison, 66; Montgomery, 36; Nicholas, 38; Owen, 60; Scott, 54; Woodford, 36.

"IT MUST HAVE BEEN DEAD AT LEAST 6 MONTHS BUT DIDN'T SMELL."

"Saw a big rat in our cellar last Fall," writes Mrs. Joanny, "and bought a 25c cake of RAT-SNAP, broke it up into small pieces. Last week while moving we came across the dead rat. Must have been dead six months, didn't smell. RAT-SNAP is wonderful." Three sizes—25c, 50c, \$1.00. Sold and guaranteed by the Farmers Supply Co.

THEN it's easy to get to the home-plate, right where you snuggle down in an old coat and slippers to enjoy life.

To begin with, Velvet Tobacco, in its jolly red tin, has a wholesome generous look to it. Nothing namby-pamby about it. A red-blooded tin full of red-blooded tobacco, for red-blooded folks.

Open it up—and you get the fragrance that Nature stored in the tobacco during eight changing seasons, while it mellowed in great wooden hogs-heads.

And say! It's great! That good, natural fragrance of Kentucky's wonder tobacco—Burley—King of Pipe-land. No camouflage about it. No dolling up.

Pack a pipeload. Light up and you'll get the fragrance of real tobacco—the incense to solid comfort.

And a mild, pleasant taste, that only our Nature-ageing method can impart. You will never taste a finer cigarette than the one you roll with Velvet.

Fifteen cents a tin—not a cent more.

very humorous, and created such a complete change in some of them that they would not have been recognized, had their names been called. From the time they began to enter until the farce closed the house was convulsed in one continuous uproar of laughter. The work was light and easily staged, but it created much fun, and all went home satisfied. The work was put on by Miss Miller, of Mississippi. About one hundred and seventy-five dollars was realized.

DEATHS.

ROBERSON.

—Samuel Roberson, five-months-old son of Mr. and Mrs. Edward Roberson, residing near North Middletown, died at his parents' home early Saturday morning, after a short illness. The body was interred in the North Middletown Cemetery, Saturday afternoon at three o'clock.

DICKEY.

Following a long illness due to stomach and kidney trouble, Mr. W. A. Dickey, aged eighty-seven, one of the oldest residents of Paris, died in the Massie Memorial Hospital, in this city, Thursday night. Mr. Dickey had been ill for some time at his home at the corner of Vine street and Stoner avenue, and was removed to the hospital upon advice of his physicians.

Mr. Dickey was a native of Moundsville, West Virginia, and was the last of a family of eight children. He came to Paris at the close of the Civil War, and entered the saddle and harness business in the old Stephens building at the corner of Main and Bank Row, now occupied by the new Masonic Temple building. He continued actively at work in this business until age and declining health compelled his retirement. He was a successful business man, of the highest integrity, and honorable and upright in all his dealings.

Mr. Dickey's wife, who was a Miss Waller, of Fleming county, preceded him to the grave many years ago. They had no children. After the death of his wife, Mr. Dickey lived a secluded life, preferring the quiet of his home to the noise and bustle of the outside world. He was a member of the Paris Christian church, and was a faithful attendant at the services until prevented by age and illness. His only relatives in this vicinity are the following nieces and nephews: Mrs. Rice Whaley, Mrs. Reynolds and Mr. George Dickey, of Cynthia; Mrs. Henry Judy and Mr. J. W. Waller, of near Paris.

The funeral was held at ten o'clock Saturday morning, with services conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church. The pallbearers were: Walker Muir, Chas. Stephens, Woodford Spears, Frank P. Lowry, Robt. Lusk, John Kriener, B. B. Marsh and John M. Wood.

RELIGIOUS.

—Rev. G. B. Hudson, pastor of the Victoria, Texas, Presbyterian church, filled the pulpit at the Paris Presbyterian church Sunday morning and evening. Miss Mary Dan Harbison sang beautiful solos at both services.

Sunday was the last of the Conference year at the Methodist church, and was also the fourth and last quarterly conference. The pastor, Rev. G. R. Combs, preached at the morning service at 10:45; and administered the sacrament. At night at the union service Rev. Combs preached his farewell sermon. Rev. Mr. Combs and Mr. Dennis Snapp will leave to-day for Shelbyville, to attend the sessions of the Kentucky Conference.

EARLY TOBACCO CROPS BRINGING HIGH PRICES.

S. W. Miller and L. M. Dunn, of Danville, sold their tobacco crop of eight acres to a Lexington man for 40 cents a pound. This is the highest price ever paid in Boyle county for a growing crop.

Some few early crops of tobacco are being cut and housed in Montgomery county, and are curing with a beautiful color. The tobacco ripening now is of a high grade. One reported offer of 60 cents a pound is said to have been refused.

R. L. Thompson, of Scott county, sold to B. Stone his crop of tobacco, cut and hanging in barn at 65 cents a pound to be received when stripped at the barn. Mr. Stone also bought of N. G. Wood his crop of tobacco at 70 cents a pound. These are said to be exceptionally early and fine crops.

Y. M. C. A. NOTES.

Mr. M. M. Sheffield, the new boy's work secretary at the Y. M. C. A., arrived yesterday and entered at once upon his duties.

Schedules for the boys' activities will be arranged during the week and everything put in readiness for the opening of the fall work at the Y. M. C. A. with the opening of school.

It has already been decided to hold a gymnasium class at 9 o'clock Saturday morning for younger boys.

A printed schedule giving the hours for all activities will be issued the last of the week.

Arrangements have been completed whereby the Y. M. C. A. again this year will conduct the Physical Educational work for the Paris High School. The work will include coaching of the football and basketball teams, and the conducting of the regular gymnasium classes for the Junior and Senior boys.

Under the arrangement the football teams will use the lockers and showers at the Y. M. C. A. Secretary Harrison was in conference with Supt. Kirkpatrick yesterday when details of the plan were worked out.

Football practice will begin as soon as school opens. Announcement will be made later regarding the opening of the gymnasium classes.

DID YOU SEE IT?

A big army aeroplane, en route from Camp Sherman, near Chillicothe, O., to Camp Knox, near Stith-ton, passed over Paris, Sunday afternoon. The flight of the big plane, which was at a very high altitude, was witnessed by a large number of spectators. The coming of the plane was heralded in Paris by messages from Maysville, Carlisle and Millersburg, stating that a big army aeroplane was headed this way. The rapid fire crackle of the Liberty motors on the plane could be plainly heard by those who witnessed the flight of the big machine.

Solves Your Heating Problem

PREPARE now for next winter's heating with a Williamson Pipeless Furnace. Its single register sends glowing warmth all through your house. It saves the bother of stoves or grates, burns hard or soft coal, coke or wood: Hundreds of farm homes found

The WILLIAMSON PIPELESS FURNACE

a blessing last winter. It is easily installed without tearing up floors and walls for pipes and flues. It goes into the cellar but does not heat it. Come in and see this substantial, well-built furnace. It is a fuel and labor saver.
